

Selecting and Viewing Calendars

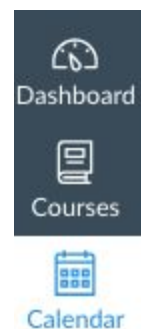

Step 1 - Go to Canvas. It should look like this:

If it doesn't, click on the 3 dots and make it Card View

Step 2- Click on Calendar on the left

Step 3 - look at the calendars on the right and click on the boxes next to these classes.->

(You do not need to select Social Studies until Science ends) You might have a couple of small groups that you will also need to check. Be sure to ask your teacher. Then the days on your calendar should look like this:

Step 4 - Check your ToDo list - be sure to click on the X next to any item you have already completed or announcement you have already read.

It is ok to X out Announcements and
Calendar items.

Do **not** X out anything that says it is worth points.
Those will go away after you hand in the

assignment, quiz, or discussion.
